Experience

Full-Stack Developer (2021 – Now)

Abilisense, Tel-Aviv
I'm developing the app in React.js and Node.js.

- Changing the platform from React.js to Next.js.
- Responsive-UI.
- Server-side technologies node.js express and mongo DB.
- Front-end technologies rest API, Redux, and Cookies.

Front-End Developer (2020 – 2021)

JustDrive, Tel-Aviv
I was developing the app in React-Native and Firebase.

- Built a text to speech modal that helps the user control the phone by voice.
- Created an interface that connects the app with Waze, Spotify, WhatsApp and the phone Call.
- Constant checking of the user's condition using face detection.
- Responsive-UI ,Redux.
